

# Cinch Plumbing Plan

## Protection for the essential plumbing items homeowners use every day

Home ownership is rewarding, but it's not always easy. When a toilet or water heater breaks down, it can be difficult to come up with the money to get them fixed. And finding a trustworthy service pro can be hard too.

That's what a home protection plan from Cinch is all about: making it simple for homeowners to get the help they need at a price they can afford.

## Coverage and pricing

### HOW A CINCH HOME PROTECTION PLAN WORKS

1. When a covered item breaks down, customers can request service online or by phone.
2. We'll find a pre-screened service pro in their area to fix the item.
3. The service pro will repair the item (if it can't be repaired, it will be replaced).
4. The customer pays a deductible and the repair is guaranteed for 180 days (non-covered charges may apply).

### PRICING

Deductible: \$125

Monthly cost: \$10.99

### COVERED ITEMS

Plumbing stoppages
