

## Bring a new level of protection to your customers

When major home appliances and systems break down, it can be difficult to come up with the money to get them fixed. And, there are certain things homeowners insurance doesn't cover.

That's why a Cinch home warranty is so important. It complements existing insurance coverage — giving your customers the protection they need to feel fully prepared.

## Coverage and pricing

### HOW A CINCH HOME PROTECTION PLAN WORKS

1. When a covered item breaks down, service can be requested anytime online or by phone and the preset deductible is collected.
2. We'll find a pre-screened service pro to diagnose and remedy the problem (if it can't be repaired, it could be replaced).
3. Relax because we help pay the bill and the covered repair is guaranteed for 180 days. It's that simple.

### OTHER AVAILABLE BENEFITS

- \$25 A/C or refrigerator filter credit
- Emergency locksmith reimbursement
- Emergency lodging reimbursement up to \$1,200 (one claim per year)
- Homeowners Insurance Deductible Reimbursement up to \$1,000 (one claim per year)
- Discounts on appliance purchases
